

NATIONAL RESEARCH NETWORK

ANNUAL REPORT 2017-2018

CYSHCNet helps CYSHCN and their families by advancing knowledge and implementation of optimal health systems through innovative, rigorous multi-site studies, far-reaching dissemination of findings, meaningful partnerships with families, and strong training of emerging CYSHCN investigators.

WHAT HAVE WE BEEN UP TO?

3 Emerging Investigators

1.83 million study participants

This is an exciting opportunity for family-partnered health systems research to improve national systems of care for CYSHCN.

ANNUAL MEETING

"The development of CYSHCNet reflects the tremendous growth of research related to children and youth with varied chronic conditions, and the opportunities to galvanize the field through new and effective research collaborations."
