

Theme: CYSHCNet National Research Agenda

Learning Objectives

Objective 1: Describe the process for producing the national research agenda

Objective 2: Describe the 6 priority topics

Objective 3: Describe how the agenda will be useful to CYSHCN researchers

Introduction to **CYSHCNet National Research Agenda**

A research agenda targeting health systems that support CYSHCN and their families

Why it is important :

CYSHCN comprise 20% of the population of children and need a comprehensive research agenda that brings priority topics to the forefront and address research gaps.

Module Content

Watch/read/listen: Health System Research Priorities for Children and Youth with Special Health Care Needs (attached)

This is the first manuscript from the national research agenda. **This manuscript is currently under embargo. Please do not distribute.**
